Subject: Invitation to Attend The 29th International Conference of Thai Neuroscience Society 2026 (TNS 29)

Dear President/Dean/Head of Department/Director/Chairperson/Secretary General/Faculty Members/Researchers/Students and Members of the Thai Neuroscience Society,

The Institute of Molecular Biosciences, Mahidol University in collaboration with the Thai Neuroscience Society, is pleased to announce the organization of the 29th International Conference of Thai Neuroscience Society 2026 (TNS 29) under the theme “Neurodevelopment, Aging, and Neurodegenerative Disorders: Innovation and Implications.” The conference will be held from August 5–7, 2026, at Amari Bangsaen Hotel, Chonburi, Thailand.

This international conference serves as a dynamic platform bringing together leading scientists, researchers, and professionals in neuroscience from Thailand and around the world. It aims to foster the exchange of cutting-edge knowledge and interdisciplinary perspectives spanning neurodevelopment, aging processes, and neurodegenerative disorders. Particular emphasis will be placed on translating scientific insights into innovative approaches for diagnosis, prevention, and treatment, as well as advancing collaborative research networks to address emerging challenges in brain health within aging societies.

Participants will have valuable opportunities to learn from distinguished international speakers, present their research findings, engage in academic discussions, and participate in specialized workshops. The conference is designed to support professional development and stimulate future research collaborations at both national and international levels. For more information and the full program, please visit: <https://thaineuroscience.org/conference/tns29/> or contact us via email at: tns29.2026@gmail.com. For participants from government institutions, attendance at this conference may be considered official duty leave upon approval from the respective authority. Registration fees and related expenses may be reimbursed in accordance with applicable government regulations.

We sincerely hope for your kind support in encouraging participation from your institution. Your presence and contribution will be highly valuable in advancing neuroscience research and innovation.

Yours sincerely,

A handwritten signature in blue ink, reading "Saovaros Svasti". The signature is written in a cursive, flowing style.

(Associate Professor M.L. Saovaros Svasti, Ph.D.)

Director of the Institute of Molecular Biosciences
